M E M O R A N D U M

Answering your question why the expenditures on May on Garcia and Paula were \$74,185.42 higher than April, we checked our records and found that it was due to the fact that the recruits that were in the holding area and the ones of the "Operation 40" were included this month in the payroll. This comes up to about \$50,000.00.

There is still a difference of about \$24,000.00 that must be due to the back payments paid on May.

All this data can be found on the report submitted.
